

Mayor Miller,

We, the Catholic School Advisory Council of St. John the Evangelist wish to inform you that we have formally endorsed by vote at our recent meeting on October 3, 2005, the concept of a subway line along the CN Rail corridor to the airport. We feel this project will help our community, by supplying much needed accessible public transportation. The federal and

provincial government's proposal for a single-stop private railroad falls far short of what the city needs and wants for rapid transit. We believe that public funds should be spent on public transit, and there are significant federal, provincial, and municipal funds earmarked for this private Air-Rail Link. We believe that building a better city includes building public transportation infrastructures, including new subway lines.

Should you or your staff wish to discuss our position we can be reached at the address below.

Yours truly,

Valeria Moniz

CSAC Correspondence Secretary
